# About Us

---

Welcome to Cafe @ The Track, and thank you for supporting us!

We hope you enjoy your visit as you take in the rolling Calderdale scenery, catch up with friends and loved ones, and watch local athletes excel on the track.

Our Cafe is staffed in part by young people with a range of learning difficulties, and provides excellent quality food and drink at reasonable prices. We pride ourselves on our professional and friendly service in a clean, comfortable and welcoming environment.

Our Cafe was funded by generous donations from local people, businesses and charitable foundations. We remain thankful for all the support we have received, and hope that you are able to see just how well we have put this generosity to good use.

We are proud to support local suppliers from across Calderdale and Yorkshire and feel that it is important to support businesses in the local community wherever we can.

Here at Ravenscliffe, our young people are at the very centre of everything that we do and the Cafe is no exception. Every penny we make helps to create meaningful, worthwhile and lasting educational experiences for all of our young people.

Cafe @ The Track provides a platform for our students to gain valuable work experience that will enable them to compete for paid employment in the catering industry. Alongside our incredible catering team led by Wendy and Tony, our students work towards a range of qualifications including NVOs, B Tech and Food Hygiene Certificates. You'll see our young people working in a number of roles, including front of house, stock control and food preparation.

A vital part of our students' learning is communication and interaction skills. This means that every conversation you have with our young people, and every bit of encouragement you give them is a positive learning experience which boosts their confidence and self-esteem.

Thank for helping us to make a difference.
